01

PAYROLL SOFTWARE

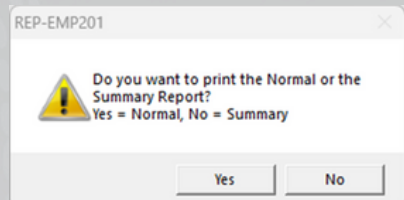

02

PRIME

• Reports:

- 12month report for Excel (PDYTDX) - ID number was added to report
- Insurance/Other list report to include the commission and VAT
- EMP201 hard code report can now be printed as a summary

• mSCOA:

- MSCOA Short code import utility - for local government clients that do not have short codes on the financial system
- National Treasury release 6.8 ([Click Here](#) to view new mSCOA Instructions)

• Tax Changes

- New Lesotho tax tables
- New Sierra Leone tax tables

• General

- Maternity leave procedure - When an employee's status is changed to maternity leave the following will apply on the system:
 - the salary screen will not clear at month end
 - the employee will be included on the UIF declaration as maternity leave
 - the employee will still accumulate leave while on maternity

• General

- Directive information can now be imported per employee (directive number, date, source code, amount)
- Liberty life - Liberty has partnered with PayDay Software Systems to enhance the current payroll deduction offering. This partnership has created a seamless, integrated, and accurate deduction process thus improving the time spent on manual capturing of the policies
